Marie L'Hermite

Counsel

Avocate au Barreau de Paris

Marie L'Hermite advises and assists companies in their innovative technologies-related projects (blockchain and AI) and impact-related projects (ethics and compliance).

Practice overview:

With over 12 years' international experience in legal management positions in the telecommunication, energy and web3 areas, Marie L'Hermite co-heads the innovative technologies (blockchain and AI) and impact projects (ethics and compliance) practice of the firm's Innovations - IP - IT - Data Protection department.

Marie trained in decentralised technologies and has an extensive experience of web3 projects (blockchain, crypto, NFT, Metavers), governance/DAO, crypto compliance, data protection. She also assists and advises companies in the design, implementation and development of their innovation-related projects.

Drawing on her extensive experience as in-house counsel, Marie's operational 360° approach to business law enables her to provide pragmatic support to clients of the Innovations - IP - IT - Data Protection department.

Trained in domestic and international arbitration law, Marie provides technical expertise (Web3/blockchain) to counsel and arbitrators in arbitration disputes.

Marie is also involved in a wide range of social issues relating to equality, ethics and the environment.

Her areas of expertise and focus are:

Contract law / commercial contracts (drafting, negotiation), personal data protection, compliance.

Web 3 / Energy/ ESS/ Telecommunications.

Vita:

DESS (Master II) in European Business Law, Université Paris II Panthéon-Assas, Paris

LL.M. in German Law and LL.M.Eur in European Business Law, Ludwig-Maximilians University, Munich

Diplôme Universitaire (DU) in domestic and International Arbitration Law, University of Montpellier
